7 EASY STEPS

Log into your RYOBI® RAPID SERVICE customer account and track your repair service from start to finish.

RYOBI®

STEP 1 REGISTER ONLINE

Go to the RYOBI® website (which you can find at the bottom of this page) or scan the below QR code to add the damaged tool to your list of tools and click order repair*. Make sure to check whether your tool is covered by the warranty or not.

*Log in to RAPID SERVICE using your login and password from your Extended Warranty registration site. You will also see all your registered tools there

STEP 2 CHOOSE COLLECTION AND RETURN POINT

Pick-up and deliver to the location of your choice:

- A) Pickup and delivery to your home
- B) Pickup and delivery to location of your choice
- C) Pickup and delivery to selected point in the carrier's network

STEP 3 DESCRIBE THE ISSUE

Add details about your tool's issue and choose to receive a tracking message via email or SMS.

STEP 4 CONFIRM SERVICE

Confirm the Repair Service. Once you have confirmed the order, you can view the summary of the repair details and make changes if necessary.

STEP 5 PRINT THE LABEL

If everything is in order, print the label and stick it on the package or select to have the label brought by the courier.*

*This option is dependent on pick-up method and courier selected

STEP 6 TRACK PROGRESS

You can monitor the progress of the repair at the following stages:

- 1) Pick-up of the tool by the courier
- 2) Delivery to the RYOBI service centre
- 3) Repair completed
- 4) Collection of the tool by the courier from the RYOBI service centre

STEP 7 TOOL DELIVERY

Receive your repaired tool and you are done!
